Online learning for January 4 - 8, 2021

We are receiving many questions from parents about what the week will look like for Monday January 4th through Friday January 8th, 2021. Please make this clear to your child that this is NOT an extended holiday; just like the grade 7 through 12 students, online learning is rigorous, robust, regular curricular programming -- but just done remotely! There will be **attendance taken** each morning and each afternoon. Lessons with new content or instructions/directions will be recorded and uploaded to Google Classroom. Contact your teacher for a week-long daily schedule if you haven't yet received one. Teachers will be **assessing student work**, so learning continues, so your child's hard work will need to continue too! Unlike last year's closure of schools, your child **must still meet curricular outcomes** to progress to the next grade level, so please ensure students are taking this seriously. There is some speculation that if the status of COVID-19 continues to worsen in Alberta, that this online learning could be extended. While that is beyond the control of our school jurisdiction, we want parents to know that we are prepared to provide a rich program regardless of doing so remotely. Aurora is ready to guide your child through a much better remote learning experience for this first week in January and -- if need be -- beyond. **Parental support** in taking this week as seriously as any other week of school will be critical in your child's success.

Our Grade 5, 6, 7, and 8 students will have a daily schedule similar to the one they have in person, so be ready to have your child in online class or doing schoolwork from 8:50am through 3:30pm. Offerings for students in ECS through grade 4 will look a bit different, and your child's teacher will have a daily schedule for you and your child to follow. Mandatory attendance for Grade 4s will take place from 8:50am-9:50am and again at 12:30pm-1:00pm. We encourage you to speak to your child's teacher about any scheduling concerns for device access times while at home. Here's some resources for parents:
